trimedx.com/careers

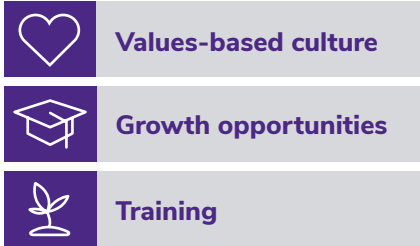

OUR TECHNICIANS AND MANAGERS ENJOY:

- ✓ Work/life balance
- ✓ Training and development opportunities
- ✓ Comprehensive benefits
- ✓ Full-service benefit consulting service
- ✓ Competitive compensation
- ✓ Growth opportunities

ADVANCE YOUR CAREER.

In up to 12 months, our **Tech Plus One program** allows entry-level talented technical professionals to gain in-depth, hands-on training and experience, enabling them to start their careers being mentored by our strongest leaders. Training includes a technical component and participation in inventory validations across the United States. Upon successful completion of the Tech Plus One program, associates will be evaluated for opportunities to advance directly into a biomed tech role and should be willing to relocate to a site of TRIMEDX's choosing.

WHY TRIMEDX?

SPEND TIME WHERE IT MATTERS MOST.

Biomed technicians are action-oriented problem solvers, but administrative tasks can be a burden on their time. With TRIMEDX's innovative technology, centralized support teams, and focus on continuous improvement, technicians can spend more of their time dedicated to service—the part they enjoy most.

TRIMEDX TOTAL REWARDS

Other benefit offerings include:

- Tuition reimbursement
- Ongoing training and education
- Parental leave
- Growth and promotional opportunities
- Comprehensive benefits package including medical, dental, vision, and 401K
- Job opportunities available on a national level
- Relocation and travel expense assistance
- International volunteer opportunities through the TRIMEDX Foundation

FIND YOUR **PASSION.**
GROW YOUR **CAREER.**
